Transatlantic
Products for a healthier world

Transatlantic expands its radiology range

High-pressure connectors in proven quality – the genuine alternative, now made in Germany!

NEW!

The high-pressure connectors we offer have been developed to meet the demanding requirements of medical imaging. They provide secure connections under high pressure loads and support an efficient and safe clinical workflow.

Overview of the benefits:

- ✔ Suitable for the administration of contrast media in angiography
- ✔ Pressure-resistant up to 1200 PSI / 83 bar
- ✔ Standardized and reliable thanks to a secure Luer-lock connection
- ✔ Flexible in use thanks to various lengths (up to 240 cm)
- ✔ Available with or without a rotating adapter
- ✔ Sterile and individually packaged, either in round or longitudinal packaging
- ✔ Transparent for visual inspection
- ✔ Material: flexible PVC
- ✔ Made in Germany

Further product details can be found on our website.
